Piranhas

Piranha refers to about 18 species of fish, 4 of which are dangerous to humans. Most species average 8 inches in length. But, some of the most dangerous species can be up to 2 feet in length. They are found in the rivers throughout South and Central America. Piranhas range in color from olive green to very beautiful reddish yellow. They have razor-sharp top and bottom teeth that fit together perfectly when the powerful jaw shuts, taking neat chunks of flesh out of prey. The piranha also has a blade-like tail making it an inescapably fast fish. They hunt in shoals of several thousand, so the water seems to be alive. Piranha are ready to attack anything out of the ordinary.

EDITOR'S NOTEBOOK

Dear Archie Readers,

On April 7th of this year, cable TV's Showtime® channel aired a full-length movie, based on Archie Comics' character SABRINA THE TEENAGE WITCH. Melissa Joan Hart, known to millions of viewers as Clarissa on Nickelodeon's show "Clarissa Explains It All," played in the starring role as Sabrina. If you're thinking it's a little late to be telling you about this movie now, you're right. However, this column is usually written three months prior to publication. I had no idea as to the time or date this show would be broadcast. But don't despair. If you subscribe to Showtime®, there's a good chance you'll get to see it. They've shown it quite a few times. Just check your cable listings for the next showing of Sabrina the Teenage Witch.

For those of you who did see the movie, I'd be interested in knowing what you thought of it. A movie review if you will. I'll set up a special page in our books and publish some of the best letters. Good or bad reviews will be treated equally. So don't be hesitant to call it the way you see it. Write your reviews to: SABRINA MOVIE, c/o Archie Comics, P.O. Box 419, Mamaroneck, NY 10543-0419.

Recently, I read an article about the growing popularity of mountain climbing. It's not just for goats...although not all goats are good mountain climbers. Then again, not all birds live in trees. What's goin' on here?! Anyway, next month in BETTY & VERONICA SPECTACULAR #20, you won't want to miss "Climb Every Mountain." It's a story that won't leave you hanging (from a cliff that is). Seeing Betty and Veronica take up mountain climbing is bound to tickle your tootsies. This story was written and drawn by the ever popular "D" team: Dan Parent and Dan DeCarlo. Dey really did a decent job on dis story. Dee End.

Send your letters to: Victor Gorelick, Editor, Archie Comic Publications, Inc., P.O. Box 419, Mamaroneck, NY 10543-0419 E-MAIL: 72764.03474@COMPUSERVE.COM
